LESSON 1: ENTER AND SUBMIT EXPENSE REPORTS
Introduction to Expense Reports

Financial Management System allows you to quickly enter and submit expense reports for reimbursement. You can:

- Enter expenses in the system, in a spreadsheet, and on your mobile device
- Use templates to facilitate expense report entry
- Attach scanned / electronic receipts to your expense items and reports
- Submit expense reports for electronic approval
- Monitor approval and reimbursement status
Navigating to the Travel and Expenses Portal

The Travel and Expenses portal can be accessed from the About Me section of the Navigator, or from the About Me icon on the Home Page.
Using the Travel and Expenses Portal

The **Travel and Expenses** portal is your starting point for all activities related to expense reports and cash advances.

- The portal displays expense activities in three tiles: Expense Items, Expense Reports, and Cash Advances.
- Click on a link in a tile to view corresponding information in the lower region of the form. For example, quickly access in progress expense reports to pick up where you left off.
Bank Account Setup

**Note:** You must enter your bank account information in the Financial Management before entering your first expense report. This is a one-time setup required for reimbursement.

Bank information is completely secure and not visible to other users of the system.
Bank Account Setup (continued)

To enter bank account information:
• Navigate to the Travel and Expenses portal
• Click the “Manage Bank Accounts” link from the Task menu
• Click the + button to enter a new bank account
• Enter the required fields and click the **Save and Close** button
Delegates

If there are individuals who routinely enter expense reports on your behalf, you must setup these individuals as Delegates within the system. To add a delegate:

• Navigate to the Travel and Expenses portal
• Click the “Manage Delegates” link from the Task menu

  ![Manage Delegates]

• Click the + button to enter a new delegate

  ![Delegates and Permissions]

• Enter the name of the Delegate and then click the Save and Close button

  ![Add Delegate]
Enter Expense Reports

After entering your bank information, you are ready to begin entering expense reports.
Enter Expenses via Spreadsheet

You can also enter expense items in an Excel spreadsheet template and then import expense items into the system. The copy/paste feature in Excel may save you time when entering expense reports with many items. However, keep in mind that you cannot add attachments to expense items in the spreadsheet, and will need to attach receipts to expenses after they have been imported.

Once complete, click the **Upload Expense Items** button on the Create Expense Items tab to import the expense items into the system.
Enter Expenses from the Mobile App

You can also enter expense reports from your mobile device. This provides you additional flexibility to enter expense reports whenever it is convenient for you. However, there are a few things to keep in mind when entering mobile expenses.

• The mobile app does not have required fields. Therefore, fields that may be required in the system can be left blank in the app. You will not be able to submit expense reports where these fields have been left blank.

• The mobile app does not display all of the fields that are available in the system. In some cases these fields may be required, which will prevent you from submitting the expense report.

• The best use of the mobile app is to capture the basic details of expenses as they are incurred, then upload them into the system where you can complete and submit the report.

Expense Report Submission (2/2)

Enter a purpose for the expense report in the **Purpose** field.

If any expense items are missing required fields, open the expense item, add the missing information, and then save and close the expense item.

Once all expense items have been entered and completed, click the **Save** button and check the approval workflow. Click the **Submit** button to submit the expense report.
Enter Expense Reports on Behalf of Someone Else

If you have been designated as a delegate, you can enter expense reports on behalf of someone else. Simply select the person for whom you are creating an expense report from the Travel and Expense portal and enter the expense report on his/her behalf.

A list of employees for whom you can enter expense reports appears at the top of the Travel and Expenses portal.
Request Cash Advances

You can also use the Financial Management System to request cash advances for work-related expenses that you are going to incur. To request a cash advance:

- Navigate to the Travel and Expenses portal
- Click the “Request Cash Advance” link from the Actions menu
- Enter the required fields and click the **Submit** button to submit the Cash Advance for approval
Review Expense Report and Reimbursement Status

You can view the status of your expense reports and cash advances from the Manage Expense Reports page. To access the Manage Expense Reports page:

- Navigate to the Travel and Expenses portal
- Click the magnifying glass icon on the right of the page
- Click the Advanced link

![Image of Manage Expense Reports page]
Expense Report Approval

- The Financial Management System provides systematic approval workflow for expense reports and cash advances.
  - Non-project expense reports are routed to the preparer’s Finance Approver for approval.
  - Project expense reports are routed to the Project Manager for first-level approval, and then to the preparer’s Finance Approval for second-level approval.
- The Finance Approver is the Rutgers employee responsible for approving expense reports, cash advances, and other transactions that require approval.
- Each employee has a single Finance Approver for all transactions that require approval.
- Employees are not able to select their Finance Approver.
Expense Report Approval (continued)

Once submitted, the Finance Approver will receive a notification to approve expense reports, which includes a list of all expense items and attachments included in the report.
